

## PAYGO™ Payroll System

There are many benefits to having your own personalized payroll service. Most importantly, it's about your time. You and your staff will be able to concentrate on revenue and profits instead of paychecks and taxes! By letting us handle your payroll processing, you'll no longer have to worry about:

- Continuously changing tax laws
- Complex reporting requirements
- Using your valuable resources for payroll compliance reporting, and the many other burdens that payroll imposes
- Our fully customized payroll solution lets you focus on your business

### **PAYGO™ difference**

While many payroll companies offer a take-it-or-leave-it, cookie cutter approach, we tailor our services to meet the needs of each individual client, small or large.

### **Fully comprehensive service**

Our complete payroll service supports a wide range of pay types and schedules, and includes check printing, direct deposit, tax filings, and more -- everything you need for complete compliance.

### **Best value**

We offer a very simple, all-inclusive fee structure for all the services we provide.
