COUNT ON PROGRESS

## Payroll Relief for YOU!

As your trusted business advisor, our goal has always been to offer you the full spectrum of high-quality services you need to manage your business. With our professional and personalized payroll service, your business will benefit from all the capabilities and services provided by the national payroll companies, but you will also get the added benefit of having fast, personal service when you want and need it.

While many payroll companies offer a take-it-or-leave-it, cookie cutter approach, we tailor our services to meet the needs of each individual client, small or large, in virtually any line of business. Whether you're an established business or just starting out, our flexible customized payroll service can be designed to meet your unique needs.

In addition to providing the full spectrum of payroll functions you need, we give you top-quality, personalized payroll service more cost effectively than ever before.

## Benefits of Personalized Payroll

There are many benefits to having your own personalized payroll service. Most importantly, it's about your time. Finally, you and your staff will be able to concentrate on revenue and profits instead of paychecks and taxes! By letting us handle your payroll processing, you'll no longer have to worry about:

- Continuously changing tax laws
- Complex reporting requirements
- Using your valuable resources for payroll compliance and reporting, and
- The many other burdens that payroll imposes.

Our fully customized payroll solution lets you focus on your business.

## Fully Comprehensive Service

Our complete payroll service supports a wide range of pay types and schedules, and includes check printing, direct deposit, tax filings, complete compliance and more.

Automatic reminders keep you informed of due dates for tax payments and compliance reports, and you will receive all the payroll reports you need to run your business most efficiently. In addition, you also get personalized professional advice on all payroll matters.

## Fully Customized To Meet YOUR Specific Needs

Unlike payroll service bureaus that force you to accept a "one size fits all" approach, we provide a comprehensive payroll service that can be precisely designed to meet your unique needs. Our completely flexible state-of-the-art system offers remarkable capabilities that enable our firm to work collaboratively with you.

Based on our intimate knowledge of your business and consultation with you, we will design a payroll service that is optimal for your needs. You can't find this level of personal, customized service from any service bureau, at any price.

## Best Value

While we offer many benefits and a degree of personalized attention that you can't get from any service bureau, our payroll service is also highly competitively priced.

We offer a very simple, all-inclusive fee structure for all the services we provide. Now you will know exactly what your payroll costs will be.

## To Get Started...

Please call our firm to discuss your payroll requirements. We will analyze your needs and design a fully customized payroll service just for you.
